This scene always makes me laugh. He strips down to his (almost) speedo and takes a raft. Basically never touches the water. It was probably some pervert director trying to get Arnold to strip down.

**Keep advertising it frens! We've still got several days before *It's Happening!.gif***

**Let's get every last MAGA person we can find to come to DC to SUPPORT PRESIDENT TRUMP!!!**

WANT TO GET MORE PEOPLE TO COME TO DC FOR THE 6TH? Here's 3 Images For STICKERS/SIGNS

You Can Make Yourself! SPREAD THE WORD IN PUBLIC Far and Wide!       

<https://thedonald.win/p/11RO7RhqpK/want-to-get-more-people-to-come-/c/>

**For those of you that are going:**

**DON'T FORGET TO TAKE These TheDonald.win "business cards!"**

They are AWESOME for handing out to people during your traveling that you see in stores wearing MAGA hats and TRUMP gear, people you see in parking lots with TRUMP bumper stickers and flags on their trucks, and of course, the people you will meet in DC. They are a great conversation-starter to meet new patriots so you can get them connected to TheDonald.win and give them their hope back that WE WILL PREVAIL! The cards make it a lot easier for them to remember the website URL compared to just telling it to them.

   TheDonald.win "Business Cards" you can give to MAGA people you meet to invite them to TD.W!   
 

<https://thedonald.win/p/11QIFgL39X/-attention-today-is-make-a-new-f/c/>

**ALSO BE SURE TO CHECK OUT this thread with full-color thumbnail previews of more than 100 designs of signs, bumper stickers, and business cards** I made about topics like TRUMP, TheDonald.win, Anti-Fake News, Stop The Steal, Anti-Voter Fraud, Anti-Biden, and Anti-Lockdowns/COVID.

<https://thedonald.win/p/11RNtMZzu6/-anybody-going-to-dc-on-january-/c/>

You can post these around your town too, and people that are going to DC can take them with you and post them in places along the way on your trip and in DC too!

**I can make custom designs for people too if you send me an idea or phrase for what you want. Just send me a direct message!**

**I have an idea for something tentatively called, "OPERATION MARK OUR TERRITORY."** We could have groups of our people that go to DC go around in advance of the 6th and post signs and stickers all over the place that declare that we are reclaiming DC because it is rightfully OURS. If you have ideas for phrases and things to put on the signs, or if you are interested in "tagging" with them when they are ready, **send me a message!**

If the commies can "make it known they were here" when they riot, then why can't we? I am not advocating for spray painting or destroying property. Just creating a barrage of visual reminders about who is going to call the shots from now on!

*"Who's comin' with me?"*

*"Show me the liberty, Jerry Maguire!"*

**REMEMBER TO MAKE EVERY DAY UNTIL THE 6TH COUNT!**

**Do something everyday to spread the word and improve our position!**

**Even if you can't go but wish you could, you can be an important member of our TheDonald.win family** and help spread the word about the 6th, and spread the truth about other topics to help us bypass the fake news media and deliver messages to people IN THE REAL WORLD. We can win the "information war" and the "court of public opinion" if we don't play by "THEIR" (deep state, fake news media, social media) rules anymore!

**God Bless You All, and May God Bless America, Always!**

No. You never had all the American patriots in one place at once in the Revolutionary War. They were spread out across the country, even during important battles. That will be the case on Jan 6 as well. There'll just be a large concentration of patriots in DC at the time.

Backpack (preferably Camelbak with a water bladder and lots of pockets). Have paper maps. Compass. Wrist watch. Walkie talkies if you're in a group. Water and snacks; don't count on any food vendor being open (or not running out of food). Self-defense supplements like mace or taser. Wear appropriate clothing for the temperature.

And have a plan. Know where and when you're going and coming back, and multiple ways to go back and forth.

Lastly, bring a positive attitude. We're all mad as hell but don't let Antifards or BLM make you lose your cool.

Oh...and leave your cell phone in the hotel room in a safe place. If you bring it, even in the off state, it could be used to track you. LEO would have a good idea of where the crowds are concentrated and unleash their resistance.

When you're in DC you are surrounded by federal buildings covered in cameras, sensors, helicopters with thermal, and a host of other surveillance devices to include the eyes of about 75 different law enforcement agencies. I dont think you're really getting any benefit from leaving the phone in the room, except maybe less of a chance that it gets stolen.

Keep calling your representatives with your concerns. Explain that without an investigation into election fraud we can't trust ANY past election and all their power is voided. Lead, follow or get out the way!! Any politician standing in the way of getting to the truth will be assumed complicit and will be removed by the people by any means necessary. There is a reason why the 2nd amendment exists. It's only a matter of time before militias will be formed, if they don't fix this. They can either avoid bloodshed or have blood on their hands.

Not really, Trump is doing this for a couple reasons:

1. Put visible pressure and show support for congress taking action to ensure his 2nd term (he can't guarantee they will but a massive presence helps)
2. Prove people back his claim he won so he doesn't look batshit crazy if he doesn't get the second term. This also saves his future reputation and the reputation of the maga movement as he can always point to this protest and say "See, here's the support)

The brave congressmen that want to expose the fraud better prepare themselves! Tyrants love banana republics. The corporate globalists want to solidify their monopoly and would happily get an authoritarian form of capitalism with cheap slave labor, automation, and "basic income" (= basic poverty) for all the peasants. China's economic "miracle" is what they are after. The CCP's mind control over the populace to not question their enslavement is something they marvel at.

But this won't change anything.... sure air it. In two weeks everyone will move on. If the plan is to present "debooned" evidence it will not change anything. There is a constitutional process that has to be followed. There is no section in it for "throw it out because of someone's PowerPoint." If the evidence is so convincing it should have been used in court. This can't be his plan. This would be a concession speech and a mild protest...

Then at some point he will have to stick his neck out, ignore optics and give the people "DIRECTIVE". To have another rally about all the great things done in the last 4 years and hear more BS about vaccines and ventilators is not what people are going to want to hear. We've heard it dozens of times. People are going for directive and to engage in kinetic action that must come from Trump's leadership.

When backpacking, every gram is a back breaker.

Bring plastic bags to poop in. TP. An extra pair of socks and underwear. Those chemical reaction heating bags. RX bars. A couple water bottles. Gloves and hat. Long johns / yoga pants under your jeans. A couple extra layers on top. External battery to charge your phone.

Here are some map screenshots of the area to save to your phone.

It depends on the scenario but in this case, it's likely to be a lot of standing and walking and people might need to be maneuverable. Your list is good but I'd throw in a refillable water container (unless that's what you mean by the water bottles) and a space blanket. Some basic first-aid stuff is always essential.

I truly appreciate the sentiment. I'm doing a lot of resting to prepare. A bad ass cane, a bunch of energy drinks and a dozen pain killers will keep me upright. If things go south rapidly my adrenaline will kick in and I'll hold my own. In a worst case scenario I've got a crew that would get me out in a quick fast if necessary.

I thank you for looking out for a pede.

I don't think you understood me. We fix 2020 now or we lose forever.

There is no "Trump can run again in 2024"

He won this election, and they're stealing it. They sure as heck won't let him win in 2024 either, they'll make sure of it.

If 2020 isn't fixed NOW, then they know they can get away with anything, so any election moving forward is just political theater as the winners will be predetermined.

A rally will be extremely disappointing. Talk is cheap and that is what a rally is. They're great at getting out the vote, but we've lost that option forever unless real kinetic action is taken in the form of removing politicians, seizing their offices, evidence and voting machines. Trump must not go there or he might as well pack it up. The patriots won't support him if he doesn't give us directive and bold objectives. He'll need to use the power of the presidency while also providing the patriots with support.

Yeah, this is why I don't believe in the doomers that think he'd treat this like an announcement for running in 2024. Trump isn't that detached from his base. People feel they're not being heard or listened to, they feel their constitutional rights are violated and freedom is taken away. This is now bigger than Trump. We the people support Trump because we feel he's the last chance we have. He shows we can still put someone in power that they do not want. But if it is so clear that they use everything against us and if Trump went along with it, we would be like Bernie supporters jumping back on feel the bern. It's not gonna happen and I think Trump knows that. So there must be some plan or else people will start becoming violent.

3% of the population in 1776 was approximately 75,000.

75,000 farmers, shop owners, and everyday people, took out the world's most battle tested Armies in the world at the time. With the best Navy as well.

Trump had over 75 million people vote for him.

3% of Trump voters is roughly 2.2 million.

1% is 750,000.

I guarantee you, there is without a doubt between 750k and 2.2 million Trump voters that would storm the halls.

Many of which I bet will be Veterans
